COFFINS

“Our range of natural coffins have been beautifully handcrafted to the highest quality”

Environmentally friendly woven coffins

For four generations we have been making beautiful woven products to meet our customers specific needs. We pride ourselves on delivering items of matchless quality, exactly when they are needed. Second best is not an option for us.

Drawing from over 50 years of experience, we offer a comforting and dignified range of natural hand-crafted coffins, perfectly reflecting the individuality of each families loved one.

At Natural Woven Coffins we carefully source the materials used in the production of our coffins to promote strong sustainability and to ensure that the quality of our coffins is of the highest standard. Our coffins form a memorable tribute and everlasting green footprint to the earth.

All of our products are FFMA approved and are suitable for green burial, standard burial and cremation.

- We are members of respected trade associations within the funeral industry, National Association of Funeral Directors, Society of Allied Independent Funeral Directors and the Funeral Furnishing Manufacturers Association, we understand the high expectations that are bestowed upon us.
- We understand how quickly our products may be needed, our coffins can be delivered within 24 hours and orders placed before 1pm will be dispatched for next working day delivery.
- Our dedicated sales team is available from 8.30am to 5pm on Monday-Friday, and we have an out- of-hours service for urgent calls at other times.

Loom coffins	17
Colours range	18-19
Ashes caskets & Scattering tubes	20
Memories	21
Children's and babies' caskets	22

Seagrass Coffins

Our Seagrass Coffins are a beautiful compliment, rustic and natural with subtle green and blue tones. They are woven by hand using yarns of twisted seagrass and finished with cane, top and bottom. The seagrass material used for our coffins is grown in coastal paddy fields and flooded with seawater throughout the year. The fields are carefully managed to promote a continued cycle of growth and renewability.

Matching oblong ashes casket and round ashes urn

The coffins are available in two differing shapes, curved end (rounded) and traditional shape (square) each tapering from end to end.

Both styles come in a range of finished sizes with natural rope handles and fully fitted with natural linings, pillow and covers.

Seagrass Coffins

“Our Seagrass Coffins are a beautiful compliment, rustic and natural with subtle green and blue tones”

Wicker Coffins

“Rustic bands of natural rattan are woven together to create this beautiful wicker coffin”

Wicker Coffins

Rustic wands of natural rattan are woven together to create this beautiful coffin. The chestnut colour comes from the outer bark of the rattan which complements the natural handles and wooden toggles. Our Wicker coffin is made entirely by hand, using traditional weaving techniques. The rattan used in the production of the coffin is harvested from the forests of South East Asia where rattan clings to the existing forest trees like a vine. Rattan has been known to grow as much as six meters in a year making it an impressive renewable material.

Both styles come in a range of finished sizes with natural rope handles and fully fitted with natural linings, pillow and covers.

Cane Coffins

These beautiful coffins are handcrafted using woven cane, which is the core of rattan with the bark stripped away. They hold an off-white appearance and are skilfully finished by hand using traditional basket making techniques. The rattan used for our cane coffins is harvested from the forests of South East Asia and much like a vine, the rattan clings and grows to existing forest trees. Rattan has been known to grow as much as six meters in a year making it an impressive renewable material.

Cane Coffins

“Our Cane Coffins hold a natural off-white appearance and are skilfully finished by hand using traditional basket making techniques”

Willow Coffins

“Harvested willow grows back to its original height in a year, making it the perfect renewable material”

Willow Coffins

Our Willow coffins retain a golden appearance with a subtle pink hue. They are hand fashioned by traditional basket weavers using age old methods, changed little in over 2000 years. Willow is by far the ultimate in renewability, willow is grown in rows of bushes and once harvested can generate back to the same height within a single year. Willow has been known to grow up to 3 meters tall annually and has the ability to bio-degrade much more quickly than conventional hardwood.

Both styles come in a range of finished sizes with natural rope handles and fully fitted with natural linings, pillow and covers.

Matching oblong ashes casket and round ashes urn

Banana Leaf Coffins

Attractive yarns of golden leaf from the banana plant are gently twisted and woven to form this soft and comforting range. Being the by-product of banana farming, the leaf of the banana plant is in plentiful supply and is readily available for weaving. Leaves that would otherwise be disposed of take part in a renewable natural cycle which is good for the local environment.

Both styles come in a range of finished sizes with natural rope handles and fully fitted with natural linings, pillow and covers.

Banana Leaf Coffins

“Attractive yarns of golden leaf from the banana plant are twisted and woven into two dexterous shapes to form this soft and comforting range”

Bamboo Coffins

“All our coffins feature either toggle and loop closures or sliding rod closures, made entirely from natural materials”

Bamboo Coffins

Our Bamboo coffins are handcrafted by skilfully interlacing strands of dried bamboo, creating an intricate woven matting which is woven and wrapped around its strong rattan frame. Bamboo is one of the fastest growing plants on Earth and has been known to grow to one meter within a day.

The coffins are available in two differing shapes, curved end (rounded) and traditional shape (square) each tapering from end to end.

Both styles come in a range of finished sizes with natural rope handles and fully fitted with natural linings, pillow and covers.

Coco Stick Coffins

Each Coco Stick coffin is made from the stem of the coconut palm leaf, which is a fast-growing by-product of the coconut tree. The coconut palm leaves are dried, stems removed and tiny sticks remain. These sticks are then strung together to create our Coco Stick coffins' cultural and desirable colour combination.

Loom Ashes Caskets

Loom round ashes urn

We can provide Ashes Scattering Tubes for the scattering of ashes. They are available in four beautiful exclusive designs; (L-R) Autumn, Woodland, Beach and Meadow, and available in two sizes; small (75 x 200mm) and large (126 x 370mm).

Memories

Our coffins can be decorated with your own personal messages as part of a farewell. These messages could be anything from a memorable moment, to an expressive feeling. Each message is individually inscribed onto a small wooden heart or circle, finished with natural cord and supplied in sets. Once received, they can be handtied to the coffin by the family or if you wish the funeral director can help you with this. The memories can also be kept back after the funeral as a keepsake or tribute for remembrance.

You can choose between circle or heart shapes, both come finished in packs of four.

Each memory can hold up to five lines of text; each line can hold up to 22 characters. We use the 'Vijaya' font for all our engraving

Cherished memories can be added to complement the look of your coffin.

We recommend about four to six memories each side of your natural coffin, however you could include many more at your own discretion if you wished to. The memories shown in the image have been carefully tied to the plait of the lid. They could also be placed onto the handles or directly onto the weave of the coffin.

Children & Baby Caskets

Our Children's and Baby Caskets are carefully handcrafted in Seagrass, Banana Leaf or Cane. Available in the curved shape (rounded end) tapering from end to end, and available in a range of finished sizes with natural rope handles and fully fitted with natural linings, pillow and covers.

Our children's caskets have the option of being finished with an oak engraved child's nameplate, which is much smaller and more suited to our children's caskets.

Cane Baby Casket

Seagrass Baby Casket

Banana Leaf Baby Casket

Cane Child Casket

Seagrass Child Casket

Banana Leaf Child Casket

The interior of our coffins come fitted with a natural cotton liner, pillow and cover sheet.

As an option, with all our natural coffins we can provide a wooden engraved nameplate. The nameplates are carefully attached to the lid of the coffin using natural twine.

The framework in nearly all of our natural coffins is made from environmentally friendly sourced rattan. This sturdy cane ensures a strong yet lightweight support for our woven coffins.

The limitations of the printing process mean we cannot guarantee that the colours shown in photographs will exactly match the final products. The floral arrangements shown throughout this brochure are not included.

We're here when you need us
